

MANUAL SLIDER (12SF)

Portable Tripod System for increasing your X-Ray capture size area using the NOVO 12SF detector.

KEY FEATURES

- › Minimal component design allows for fast assembly, immediate operation and simple adjustment
- › Compact and portable – packs neatly into a small carry case for ease of transport
- › The design enables the detector to be positioned close to the target object, reducing the magnification factor and improving image accuracy

12SF Manual Slider consists of:

- › 1x Tripod
- › 2 x Mounting rails
- › 1x NOVO 12SF detector bracket
- › 1x Bespoke protective carry case
